

SAMURAI EDGE SLIDE ENGRAVING DIAGRAM

Updated: 5/2/2021

NOTES:

1. Drawn based on Beretta full size Brigadier slides
2. Remove factory rollmarks by milling off approx. 0.076mm/0.003" of material across the entire face of the slide (both sides).
3. Maintain ratio of graphics when scaling, do not stretch or skew.
4. Unless otherwise stated, all markings to be cut to min. depth of 0.25mm.
